

## Software Developers Job Description

### About

Role Title:	Senior Developers, Front End Developers, Testers, App Developers
Salary:	£30-60K
Hours:	Monday-Friday
Location:	Bellahouston Business Centre, 423 Paisley Rd W, Glasgow G51 1PZ
Reports to:	IT Director

Frog is in the process of expanding our IT team to help deliver its aims and objectives and is currently seeking senior level staff with a minimum 5 years' experience and mid-level with a minimum 3 years' experience. You should have the desire to work in an entrepreneurial environment and enjoy the challenge of building complex solutions.

Frog Systems is a .NET house, working with C#, MVC and SQL Server.

### We are recruiting for the following positions:

- Software Developers: C#, MVC, SQL Server, Microservices, Azure
- Front-End Developers: JavaScript, Angular, Bootstrap, CSS
- App Developers: Developing apps for both iOS and Android
- Testers: Automated testing, writing test scripts, UI Testing

### Main Purpose of the Role

The right candidates will be in a position to make a significant contribution to the Frog platform and help shape the technical direction of the company.

## Skills

In addition to the technical skills, candidates should have the following soft skills:

- Good communicator
- Understand priorities and deadlines
- Ability to plan own workload
- Start-Up mind-set
- Creative mind-set
